

PRODUCT DATA

Filpro™

FILTRATION SANDS AND GRAVEL

PLANT: COLUMBIA, SOUTH CAROLINA

Filpro™ Filtration Sands are produced from hard ore quartz sands. Resistant to degradation during handling and backwashing, these dense and durable sands effectively improve filter efficiency to reduce detention time and optimize flow rates.

The angular grain shape of **Filpro** media will increase the solids holding capacity and improve the overall transport mechanism of any filter design with its unique ability to absorb, suspend or settle out floc, collides and bacteria. **Filpro's** greater void space also permits the use of lower effective sizes without excessive headloss in pressure or multi-media systems. **Filpro** grades are engineered to optimize the performance of air scour potable water filters and tertiary filtration systems and have been proven effective in iron and manganese removal, industrial process water filtration and waste treatment.

All **Filpro** grades are processed and sized with strict adherence to quality assurance controls and meet AWWA, B-100, and ANSI standards for consistently uniform and chemically inert filter media. They are certified under NSF-61 by the National Sanitation Foundation.

TYPICAL PARTICLE SIZE ANALYSIS AND PROPERTIES

These do not represent a specification.

Mesh* ASTM E-11	12/20	16/30	20/40
12	0.1	0.0	0.0
16	46.2	0.3	0.0
20	48.8	44.7	2.3
25	4.3	33.0	21.2
30	0.5	16.1	45.6
35	0.1	5.0	23.4
40	0.0	0.9	6.4
50	0.0	0.0	0.9
70	0.0	0.0	0.2
Pan	0.0	0.0	0.0
Avg. Effective Size (mm)	0.88	0.63	0.51
Avg. Uniformity Co-efficient	1.43	1.40	1.31
Well Screen Slot Size (Inches)	.030	.020	.015

*Typical mean percent retained on individual sieves.

Grain Shape Angular	Other (%) 1
Hardness (Mohs) 7	Bulk Density, Aerated (lb./ft. ³) 92-95
Specific Gravity 2.65	Bulk Density, Compacted (lb./f. ³) 98-100
SiO ₂ (Silicon Dioxide - %) 99

DISCLAIMER: The information set forth in this Product Data Sheet represents typical properties of the product described; the information and the typical values are not specifications. U.S. Silica Company makes no representation or warranty concerning the Products, expressed or implied, by this Product Data Sheet.

WARNING: The product contains crystalline silica - quartz, which can cause silicosis (an occupational lung disease) and lung cancer. For detailed information on the potential health effect of crystalline silica - quartz, see the U.S. Silica Company Material Safety Data Sheet.
